NOTES:

There are two different Stepper Motor Blocks for use with stepper motors.

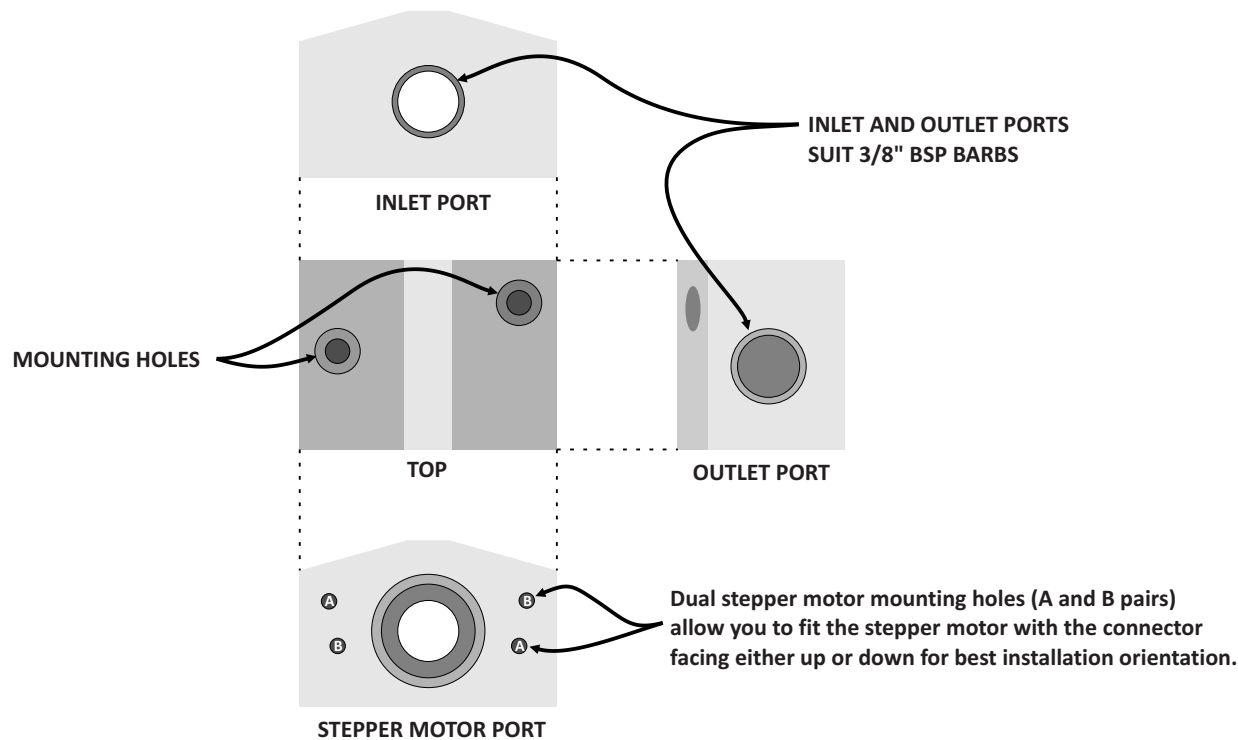

H-STEPBLOCKLS1 (this item), is the high flow version for use on larger engines greater than 3.9L.

H-STEPBLOCK is the smaller flow item used on engines less than 3.9L.

This part is designed for use with Delco Stepper Motor part number H-STEPLS1.

INLET and OUTLET PORTS are designed to be fitted with 3/8" BSP barbs.

MOUNTING HOLES: Are designed for M6 cap screws.

* H-STEPBLOCKLS1 is manufactured In-house at our Melbourne manufacturing facility from aluminum billet material.
